

Memorandum

Date: July 6, 2016

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

Agenda Item No. 3(B)(8)

From: Carlos A. Gimenez
Mayor

Subject: Local Agency Program Supplemental Agreement Between Miami-Dade County and the Florida Department of Transportation to Provide the County with Additional Funding up to \$74,726.00 in Safe Routes to School Program Funds and Authorizing the Use of Charter County Transportation Surtax Funds for such purposes

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached Resolution authorizing the execution of a Local Agency Program (LAP) Supplemental Agreement between Miami-Dade County (County) and the Florida Department of Transportation (FDOT) to provide the County with additional funding up to \$74,726.00 in Safe Routes to School (SRTS) Program funds to be paid through FDOT, for the construction and construction engineering inspection (CEI) of safety related infrastructure improvements at five (5) schools located in the County (See Appendix A). This Agreement requires that a local funding source provide upfront funding for the Project to be reimbursed. The Department of Transportation and Public Works (DTPW) is proposing to provide the upfront funds from proceeds collected through the Charter County Transportation Surtax (Surtax). As such, review by the Citizens' Independent Transportation Trust (CITT) is required prior to the execution of this LAP Supplemental Agreement.

This LAP Supplemental Agreement may only be considered by the Board if the CITT has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the filing with the Clerk of the Board of this LAP Supplemental Agreement. If the CITT has not forwarded a recommendation and 45 days have not elapsed since the filing of this LAP Supplemental Agreement, I will request a withdrawal of this item.

Scope

This Project is located in Chairman Commissioner Jean Monestime's District 2, Commissioner Audrey Edmonson's District 3, and Vice-Chairman Commissioner Esteban Bovo Jr.'s District 13.

Fiscal Impact/Funding Source

The total estimated construction and CEI cost for the project is \$738,176.00 based on the apparent lowest submitted bid. The amount provided by the current LAP Agreement is \$663,450.00; therefore, an increase of \$74,726.00 is required before the contract can be awarded. The County will provide upfront funding for the project, with eligible costs to be reimbursed by FDOT. The upfront funding will be provided through index code CPEPTP00SAFE. The proposed improvements qualify under the allowable work categories included in the People's Transportation Plan (PTP) Neighborhood Improvements Section. Since PTP funds are to be reimbursed as each project is completed, the proposed projects will have no adverse impact on the ability to deliver any other PTP projects.

Track Record/Monitor

Oscar P. Rubio, Construction Coordinator of the Traffic Signals and Signs Division within DTPW will monitor the construction phase of this Project.

Background

On September 4, 2013, the Board approved a LAP Agreement under Resolution No. R-665-13. Under the LAP Agreement, the County would receive up to \$663,450.00 for the construction and construction engineering inspection of safety related infrastructure improvements at five (5) schools located in the County (see Appendix A). The total estimated construction and CEI cost for the Project is now \$738,176.00 based on the lowest submitted bid. The increase of up to \$74,726.00 will be reimbursed by FDOT. This total does not include a contingency for unforeseen conditions. Should adjustments to the total cost be needed to address unforeseen conditions, a future LAP Supplement Agreement would be required.

The difference between the engineer's estimate and the lowest bid was a result of the time period between when the estimate was provided to FDOT as part of the LAP Agreement approval and the eventual receipt of bids. A separate legislative item for the construction contract award will be submitted for CITT and Board approval.

This project includes sidewalks, bike lanes, traffic calming devices, signs, signals, flashers, crosswalks, school zone signs, and ramps. Construction is anticipated to begin by fall of 2016.

The Miami-Dade County Department of Transportation and Public Works desires to supplement the original Agreement entered into and executed on November 25, 2015 as identified above. All provisions in the original Agreement and supplements, if any, remain in effect except as expressly modified by this supplement.

The changes to the Agreement and supplements, if any, are described as follows:

PROJECT DESCRIPTION

Name SAFE RTS. TO SCHOOL P.R. MILLER; N.HIALEAH; OAK GROVE; N. BRDG; L. LENTN ELEM

Length N/A

Termini N/A

Description of Work:

This project consists of safety related infrastructure improvements at five (5) schools in Miami-Dade County: Phyllis Ruth Miller Elementary, North Hialeah Elementary, Oak Grove Elementary, Natural Bridge Elementary, and Linda Lentin K-8 Center, with sidewalk/bike lanes, traffic calming, signs, signals, flashers, crosswalks, school zone signs, and ramps.

Reason for Supplement and supporting engineering and/or cost analysis:

The difference between the Engineer's estimate and the lowest bid was as a result of the time period between when the estimate was provided to FDOT as part of the LAP Agreement approval, and the eventual receipt of bids. The Miami-Dade County Department of Transportation and Public Works worked closely with FDOT to identify additional grant funding to account for this difference.
